

Quick Reference Guide

Staff Attendance, Timekeeping & Documentation Standards

1. Clocking In & Out

- Clock in at the start and clock out at the end of every session.
- If you are late, you are late. You are paid for the time you work, unless the session is canceled or interrupted by the client.
- Missed clock-ins/outs = the session cannot be verified or billed. Repeated misses = written up.

2. Service Delivery

- All services are direct service and in-person unless approved otherwise by management.

3. Client Cancellations & Interruptions

- Client cancels → inform management immediately. We will offer you another case.
- Accept the work → paid for the new work. Decline → not paid for the cancellation.
- No other work available → session changed to Miscellaneous and paid.
- After the 2nd cancellation or interruption, management contacts the client and family.

4. Client Hospitalization

- Notify management right away. Withdraw from services per protocol.
- Do not resume services until management confirms the client is cleared.

5. Daily Service Notes (DSNs)

- Use the last 10–15 minutes of the shift: review goals worked on and how, enter notes, then clock out.
- DSNs are time-stamped. Completing a DSN at the beginning or middle of a session = asked to stop working.

Every entry answers:

1. What skill was practiced?
2. What did the client do?
3. What support or teaching did staff provide?
4. How did the client respond?
5. What needs to happen next? (when there is follow-up)

Prioritize 1–4. Mark Yes only for goals you actually worked on.

6. Note Reviews

- Notes not meeting the standard → review with you, feedback, and more training → continued issues → corrective action.
